

MARVES PRIME

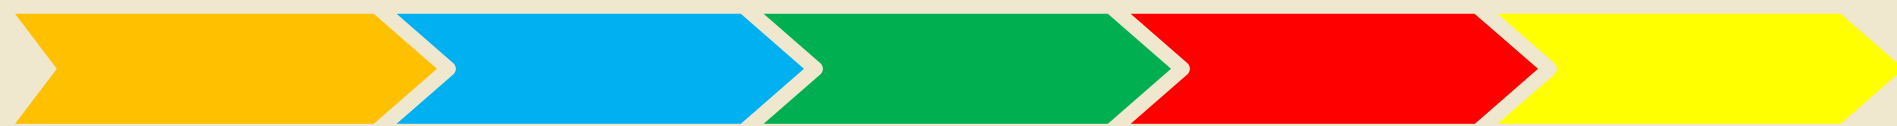

**BEST WAY TO
REPORT YOUR
WORK PROGRESS**

Marves Prime is a website that is used to monitor the performance and progress of each Work Program implemented by **Menko Marves**.

With this web application will make it **easier** for the coordinating minister to see the progress of each work unit in order to make decisions more **efficient**.

STATUS

Each work program will be given a **colour** for each status such as **red** means overdue, **orange** as suspended, **yellow** as pending, **green** as done and **blue** as active.

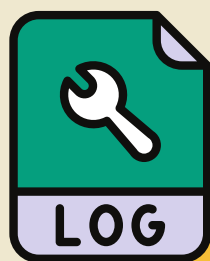

Based on that colour the system will count every work programs and the result will be shown on chart of each work unit.

Features

MANAGE WORK PROGRAMS

With derived concept, activities that will be more organized based on the above activities

LOG ACTIVITIES

The activity history of each user will be displayed to avoid mistakes

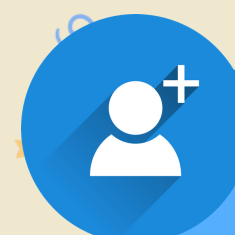

NOTIFICATION

Notification consists of reminders, a list of proposed coordination meetings and notes sent from 'persidangan' user.

VIEW PROGRESS

The dashboard will be displayed for each echelon making it easier to see the conditions of the work program.

USER MANAGEMENT

Administrators will be able to manage users such as create a new user, changing passwords and others.
